

OXFORD UNDERGRADUATE ADMISSIONS OFFICE

Candidates' Instructions for the

Mathematics, Joint Schools, Computer Science Test, dd/mm/yy

To be handed out to candidates to read through ahead of the test.

1. The test is 2½ hours long and should be sat in the morning unless permission has been otherwise given.
2. You should write your name, where you are taking the test, your first choice of Oxford college (if known/applicable), degree subject you are applying for and date of birth on the front of the test paper.
3. This paper contains 7 questions, of which you should attempt 5. There are directions throughout the paper as to which questions are appropriate for your course.
 - a. Mathematics, Maths & Philosophy, Maths & Statistics candidates should attempt Questions 1, 2, 3, 4, 5.
 - b. Maths & Computer Science candidates should attempt Questions 1, 2, 3, 5, 6.
 - c. Computer Science candidates should attempt Questions 1, 2, 5, 6, 7.
 - d. Further credit cannot be gained by attempting extra questions.
4. Question 1 is a multiple choice question with ten parts. Marks are given solely for correct answers, but any rough working should be shown in the space between parts. Answer Question 1 on the grid on Page 2. Each part is worth 4 marks.
5. Answers to Questions 2-7 should be written in the space provided, continuing onto the blank pages at the end of this booklet if necessary. Each of Questions 2-7 is worth 15 marks.
6. Only answers written in the test booklet will be marked. Do not include extra sheets or rough work.
7. The use of calculators, formula sheets and foreign language dictionaries is prohibited.
8. You should hand in your mobile phone to the test supervisor before the test.
9. Candidates should be allowed whatever special arrangements they are allowed in comparable public exams (excluding foreign language dictionaries or extra time solely for their use).
