PART C EXAMINATIONS

MINI PROJECTS - HILARY TERM 2023

NOTICE TO CANDIDATES

Full particulars of the examinations are given in the Examination Regulations, and the Examination Conventions for 2022-23 will be found at http://www.cs.ox.ac.uk/teaching/examinations/.

Nine courses are scheduled for examination at the end of Hilary Term 2023. This notice gives information about what to hand in and when, and guidelines for mini-projects (Appendix A).

Please note that a separate notice will be circulated for the Law and Computer Science, and Topics in Computational Biology courses.

1. **Submitted Mini-project(s)**
   Release Date
   The mini-projects (take-home assignments) for each course may be downloaded from Inspera from 12:00 noon (UK time) on the date shown:

   Friday of week 8, Hilary Term (10th March 2023):
   - Advanced Security
   - Database Systems Implementation
   - Deep Leaning in Healthcare
   - Ethical Computing in Practice
   - Foundations of Self-Programming Agents
   - Geometric Deep Learning
   - Law and Computer Science
   - Quantum Software
   - Topics of Computational Biology

   Submitting a mini-project
   Mini-projects must be submitted online through Inspera. We do not accept printed copies. Please name your file with your candidate number and the name of the assignment.

DEPARTMENT OF
COMPUTER
SCIENCE

Head of Department: Professor Leslie Ann Goldberg
Direct Line Tel: +44 (0)1865 283503
Email: head-of-dept@cs.ox.ac.uk

Head of Administration & Finance: Sophie Gibbons
Direct Line Tel: +44 (0)1865 283668
Email: haf@cs.ox.ac.uk

Head of Academic Administration: Rachel Breward
Direct Line Tel: +44 (0)1865 273833
Email: academic.administrator@cs.ox.ac.uk

Please note that your candidate number should be the only means of identification of your work. Please ensure that you include your candidate number on the front page of each mini-project submitted. **DO NOT include your name or Student Number.** You can obtain your candidate number through Student Self Service (for guidance on using the Student Self Service, please visit: http://www.ox.ac.uk/students/selfservice/). Should you encounter any problems doing this then please contact academic.administrator@cs.ox.ac.uk.

Once mini projects have been published they are not to be shared or discussed with other students or anybody else. Please note, where mini-projects are set for candidates studying a different degree programme the material covered in the mini-project may be similar but may not be identical.

Submission Date
Submission Date: 12.00 noon, Tuesday 11th April 2023

Please note that the submission date for Topics in Computational Biology will be:
12:00 noon, Monday 1st May 2023

Guidelines for mini-projects
Please refer to Appendix A.

2. **Late submission or failure to submit coursework**
Under the provisions permitted by the regulations, late submission of coursework (i.e. mini-projects) where there are no extenuating circumstances may result in the following penalties:

Lateness	Cumulative penalty
Up to 12 hours	10 marks
12 – 48 hours	20 marks
48 – 72 hours	30 marks
72 – 96 hours	40 marks
96 hours – 14 days	50 marks
More than 14 calendar days after the notice of non-submission	Fail

3. **Practicals**
Please do not submit the practical work from your Hilary Term courses with your mini-projects, **but please do keep the work in a safe place until required for submission**. You will be required to submit your practical work for all your courses in one bundle in Trinity Term. Details of the submission date

DEPARTMENT OF COMPUTER SCIENCE

and time will follow in Trinity Term. You should get your practicals signed off in the last session of term.

Please remember that you need to obtain an overall pass in your practicals to be able to pass Part C. See the Course Handbook for details.

4. **Results**
Subject to University approval, we intend to release provisional marks for Hilary Term assignments subsequent to the examiners' meeting in Week 3 of Trinity Term 2023. Further details will follow.

5. **Problems**
If you wish to report any errors or omissions, you MUST NOT contact any member of the Examination Board, or the lecturer in charge of the course with any queries about the mini-project. You may consult your tutor, who may be able to help you determine whether there is a genuine error, but will not help you with the completion of the assignment. You or your tutor may address any queries about errors or omissions to academic.administrator@cs.ox.ac.uk, who will advise you of the next steps. You must do so no later than **12 noon on Friday 24th March 2023**.

For questions about exams in general, please feel free to contact academic.administrator@cs.ox.ac.uk.

If other problems arise (e.g. personal issues, health issues, bereavement) please consult your tutor in the first instance. It is possible to apply for an extension of time to complete your mini-projects due to reasons like the ones listed above. In such cases, you must apply via your College as soon as possible, and please also inform academic.administrator@cs.ox.ac.uk that you are doing so. Your College will then write to the Proctors to request an extension. Please note that evidence will be required.

Appendix A

A mini-project will normally take the form of a tutorial sheet containing several questions on the course, and will also contain new exercises. While you are free to work until the submission date, the expectation is that you will spend between three and four days per mini-project, including preparatory reading.

1. If you plan to complete your mini-projects away from Oxford, make sure that you have access to adequate computing resources, including email.

    Please note that some of your mini-projects have page limits, as set out in your student handbook. If there is no page limit, you should aim at writing about 10 pages.

2. If you think you will have trouble with completing all the mini-projects you planned to do, and want to drop one of them, discuss this with your college tutor. If you do decide to drop a mini-project, make sure you advise academic.administrator@cs.ox.ac.uk and the tutor of the relevant class. The same applies if you change your mind about which mini-projects you want to take, or if you want to complete an additional one. To change an option outside the examination entry window you must apply for permission in writing through your senior tutor or college officer. Please note that a payment will be required. For more information on this, please visit: https://www.ox.ac.uk/students/academic/exams/examination-entry. Failure to submit a required element of assessment will result in the failure of the assessment.

3. When submitting your mini-projects, you will have to complete a Declaration Form attesting that they are your own work, except where indicated. For assessed work submitted online, the declaration will be an on-screen form. Failure to correctly acknowledge your sources is plagiarism, which is treated as a very serious disciplinary offence. Please consult the University website regarding plagiarism, and the detailed guidance on plagiarism in your student handbook.

    YOU SHOULD NOT show your mini-project to, or discuss it with, any other student.
    YOU SHOULD NOT ask or seek to look at anybody else's work.

    Please note that where mini-projects are set for candidates studying a different degree programme the material covered in the mini-project may be similar but may not be identical.

    If you use material from any other source such as textbooks, lecture notes or the web, then you should reference it explicitly at the relevant point. For guidance on proper referencing see the resources below, and discuss with your tutor.
