Charles Rich and Howard E Shrobe
Artificial Intelligence Lab, Massachusetts Inst of Technology (AI-TR-354) - December 1976

Richard Frederic
2113
A reminder for language designers
Frederic Richard and Henry F Ledgard
Computer and Information Science Dept, University of Massachusetts (76-3) - August 1976

Richards B
4615
Mercury Autocode Manual
R A Brooker, B Richards, E Berg and R H Kerr
Ferranti (LIST CS 242 A) - June 1961

Richards I
2934
A Collection of Papers on the Monads Operating System
J L Keedy, C S Wallace, J Rosenberg, K Ramamohanarao, I Richards, A Georgiadis
Monash University - February 1978

Richards M
4676
INTCODE - An interpretive Machine Code for BCPL
M Richards
The Computer Lab, Cambridge - December 1972

Richards M
4677
The role of data types in system programming languages
M Richards
Computer Lab, Cambridge - 1973

Richards M
788
The BCPL Reference Manual
M Richards (revised A Evans Jr and R F Mabbee)
1973

Richards M
264
The BCPL reference manual
M Richards

Richards Martin
4678
The BCPL Reference Manual
Martin Richards
(JES/Richards/BCP) 1973

Richards Martin
2308
The BCPL Reference Manual
Martin Richards
Massachusetts Inst of Technology (M352) - July 21 1967

Richards Martin
3668
A Compact Function for Regular Expression Pattern Matching
Martin Richards
Computer Laboratory, University of Cambridge - January 1978

Richards Martin
185
The BCPL reference manual
Martin Richards
January 1969

Richards Martin
112
BCPL Reference Manual
Martin Richards
MIT

Richards Martin
171
The design and implementation of CPL-like programming languages
Martin Richards

Richards Martin
170
BCPL Reference Manual
Martin Richards
MIT
Ringel C
3017
Modelle und Algorithmen zur Verklemmungsentdeckung
C Ringel, P Bittmann A Reiser, K Unterauer
TUM(TUM-INFO-7803) - Februar 1978

Ripken K
3587
Formale Beschreibung von Maschinen, Implementierungen und
Optimierender Maschinencodeerzeugung aus Attribuierten
Programmgraphen
K Ripken
Institut fur Informatik, Technische Universität
München(TUM-INFO-7731) - July 1977/in German

Ripken Knut
3019
Technische Benutzungsanleitung für MUG I - Stand April 1978
Harald Ganzinger, Knut Ripken
TUM(TUM-INFO-7800) - Juni 1978

Ripley G David
774
BCPL Users' Manual: CDC 6000 and DEC-10 Versions
Frederick C Druseiki and G David Ripley
Arizona - 1974

Rissen J P
1932
The Two-Level Approach to Data Independent Programming in
the LIS System Implementation Language
J D Ichbiah, J P Rissen and J C Heliard
Compagnie Internationale pour l'Informatique Louveciennes,
France - June 1975

Rissen J P
1977
The System Implementation Language Lis reference manual
J D Ichbiah, J C Heliard, J P Rissen and P Cousot
CII(4549 E1/EN) - January 1976

Rissen J.P.
1048
Specification de Definition de Lis
J.D. Ichbiah, J.P. Rissen and J.C. Heliard
(STG-0-59-1) - October 1972

Ritchie D M
2754
UNIX Programmer's Manual
K Thompson and D M Ritchie
Bell Telephone Laboratories, Ltd. - May 1975

Ritchie D.M.
1171
The C Programming Language
D.M. Ritchie, B.W. Kernighan and M.E. Lesk
Bell Laboratories - October 1975

Ritchie Dennis M
3970
The UNIX Time-Sharing System
Dennis M Ritchie and Ken Thompson
Bell Laboratories - October 1975

Ritchie Dennis M
3029
The Unix Time-sharing System - A Retrospective
Dennis M Ritchie
Bell Laboratories Murray Hill, New Jersey, U.S.A.

Ritchie Dennis M
2857
The UNIX Time-sharing System
Dennis M Ritchie and Ken Thompson
Bell Laboratories New Jersey

Rivest E L
44
Instrumentation systems for group instruction [Student
response systems]
E L Rivest
GEC research and Development Center(67-C-300) - July 1967

Rivest R L
1959
On digital signatures and public-key cryptosystems
R L Rivest, A Shamir and L Adleman
MIT Laboratory for Computer Science, Massachusetts - April

Roubine Olivier 2515 Special Reference Manual Olivier Roubine and Lawrence Robinson Stanford Research Institute, California(Technical Report CSL-45) - January 1977

Roubine Olivier 2517 Special A Specification and Assertion Language Lawrence Robinson and Olivier Roubine Stanford Research Institute, California(Technical Report CSL-46) - January 1977

Rounds W C 3703 On Properties Preserved by Contractions of Concurrent Systems J S Gourlay, W C Rounds, R Statman (Draft) - 1978?

Rounds William C 3715 Homomorphisms of Concurrent Systems John S Gourlay and William C Rounds Department of Computer and Communication Sciences, University of Michigan(Extended Abstract) - 1978?

Rover W P de 4662 Letter to Kurt Mehlhorn W P de Rover Oxford University - 28.11.75

Rowson T L 441 Operating Systems T L Rowson Oxford University - September 1971

Roxenkrantz D J 43 The A B Cs of programmed grammars D J Roxenkrantz
Ruschitzka Manfred
3707
Synchronization Algorithms and their Evaluation
Manfred Ruschitzka
Department of Computer Science, Rutgers University, New
Jersey (DCS-TR 81) - June 1979

Russell B
1752
Implementation correctness involving a language with goto
statements
B Russell

Russell B
1706
Implementation correctness involving a language with goto
statements
B Russell

Russell Bruce
1602
A Formal Approach to a Programming Methodology
Bruce Russell

Russell Bruce
3705
Correctness of the Compiling Process based on Axiomatic
Semantics
Bruce Russell
Department of Computer Science, SUNY at Stonybrook, New York
- 1977 ??

Russell Bruce
3990
Axiomatic Data Type Specifications: A First Order Theory of
Linear Lists
Daniel J. Moore and Bruce Russell
Stony Brook, New York - 1979

Russell Bruce D
1470
On a relation between structured programs, flow-chart
programs and go to programs
Bruce D Russell
Dept of Computr Science, Ohio State Universit - November
1976

Russell Bruce D
2299
The equivalence and correctness of implementation models of
the semantics of programming languages
Bruce D Russell
University College Dublin - October 1974

Russell Bruce D
1426
The Refinement of a Definitional Interpreter
Bruce D Russell
Computer Science Dept, University College, Dublin - June
1976

Russell D B
4734
BLISS: a language for systems programming
W A Mulf, B D Russell and A N Habermann
Carnegie-Mellon University (ACM Vo 13 No 12) - December
1971

Russell David L
1019
State Restoration among Communicating Processes
David L Russell
Digital Systems Lab, Stanford University (112) - June 1976

Russell L J
2592
Algol 60 Implementation
B Randell and L J Russell
Academic Press (A P I C Studies in Data Processing No. 5) -
1964

Russell Stephen R
3249
A Proposal for a Text Editor
Stephen R Russell
Stanford Time-sharing Project - November 1963
